

## AI-Generated Step-by-Step Tutorial

### Introduction

This tutorial will guide you through a step-by-step strategy to easily achieve a 3-star victory in the Town Hall 17 challenge, modeled after Kronos' successful attack in the eSports World Finals. Follow these instructions for optimal results.

### Prepare Your Warden

Set your Warden to ground mode and position him behind the top right archer tower. This will help him stay safe while supporting your troops.

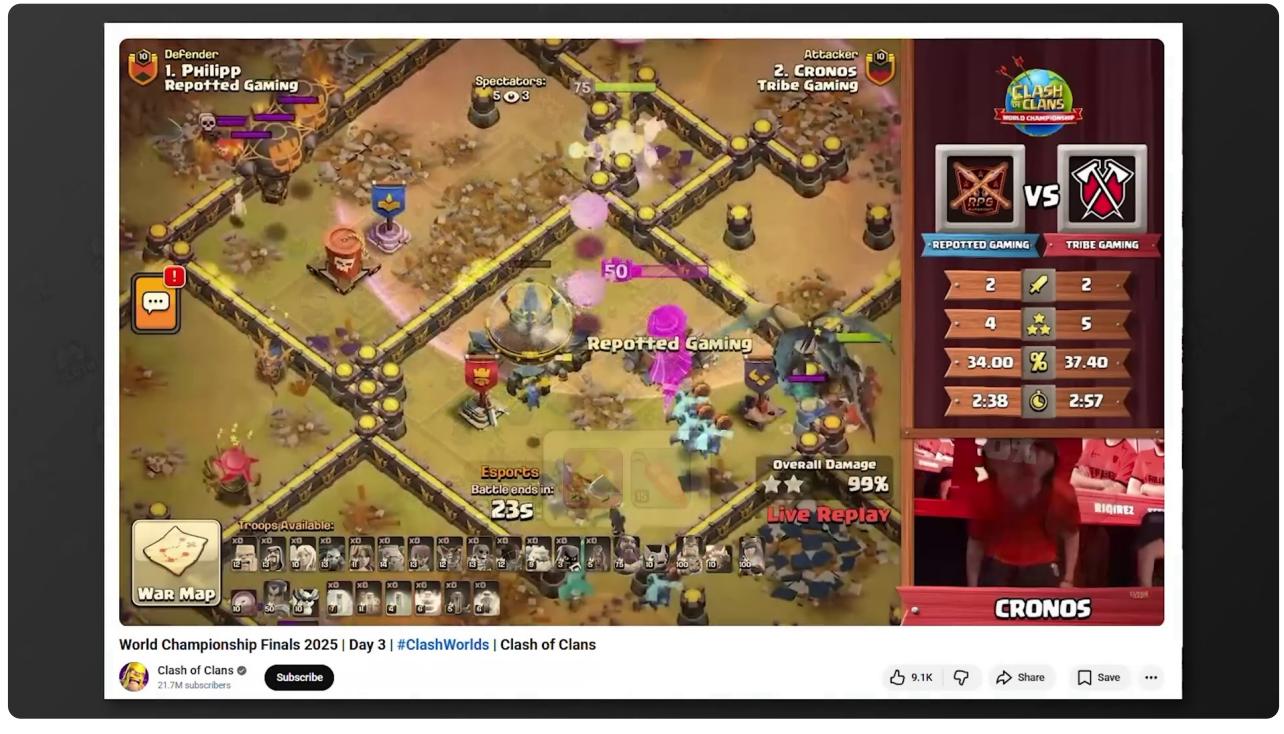

# EASILY

## Deploy Initial Troops

Place an A-Balloon followed by 5 healers. Use an invisibility spell on the multi archer tower and the nearest air defense. Activate the Warden ability for protection.

## Utilize Earthquake Spells

Deploy 2 earthquake spells strategically between the monolith, multi archer tower, and scattershot to weaken enemy defenses.

## Position Remaining Balloons

Place your remaining balloons near the hero hall towards the air defense while ensuring the Warden checks for traps.

□ □ Video Timestamp: 50.00s

## Target the Bottom Base

Select your invisibility spells and position one over the multi archer tower and another between the bomb tower and the helper hood. Deploy 5 rocket balloons next to the helper hood.

□ □ Video Timestamp: 60.00s

## Deploy Golem and Queen

At the bottom or left of the base, place a golem and position your queen by the wizard tower, followed by the healers to the top left of the queen.

□ □ Video Timestamp: 70.00s

## Break Through Walls

Use a wall break spell between the queen and healers to access the left compartment, ensuring you take out the air defense and enemy heroes.

□□ Video Timestamp: 90.00s

## Clean Up Remaining Defenses

Once the air defense is down, deploy your remaining 5 rocket loons onto the wizard tower. Use the Oyson spell on top of the defending king and clan castle.

## Recall and Reinforce

After taking down the compartment, recall your queen and place her between the queen and healers to regroup.

□□ Video Timestamp: 130.00s

## Final Troop Deployment

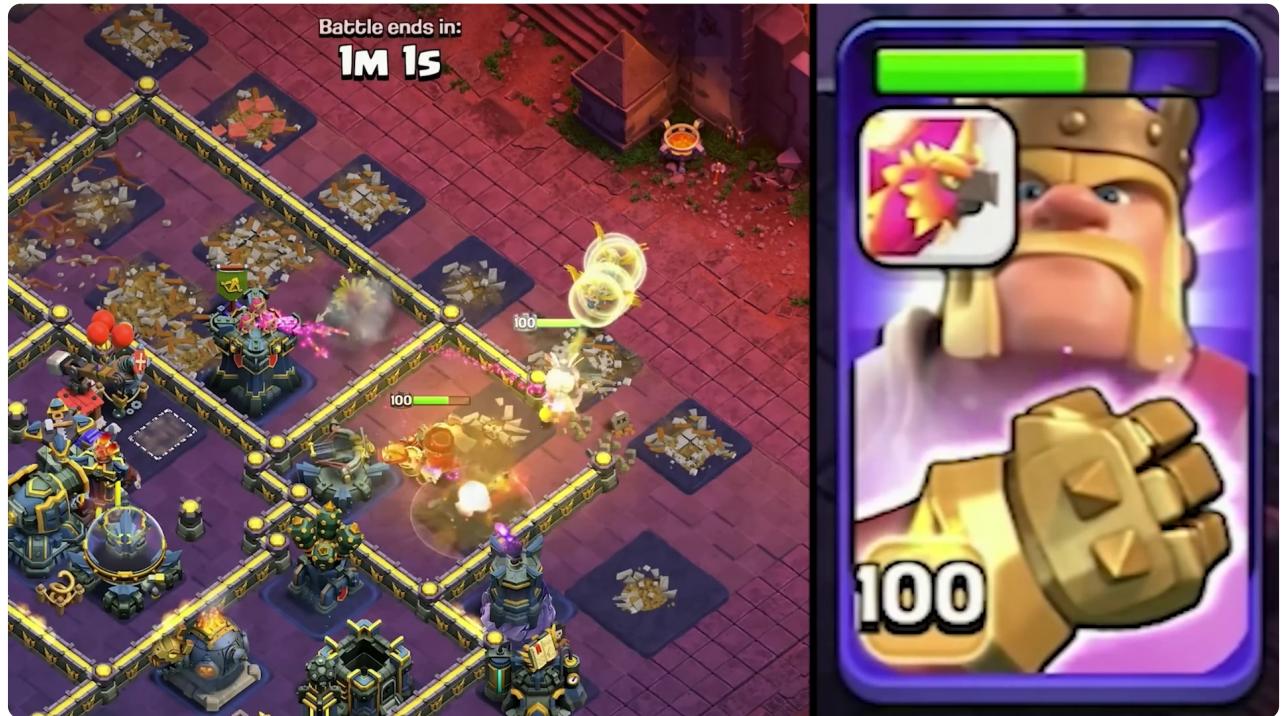

In the top right, deploy a valkyrie by the army camp, followed by ice golems in front of the ricochet cannon, then the king and queen.

□ □ Video Timestamp: 140.00s

## Activate Abilities Strategically

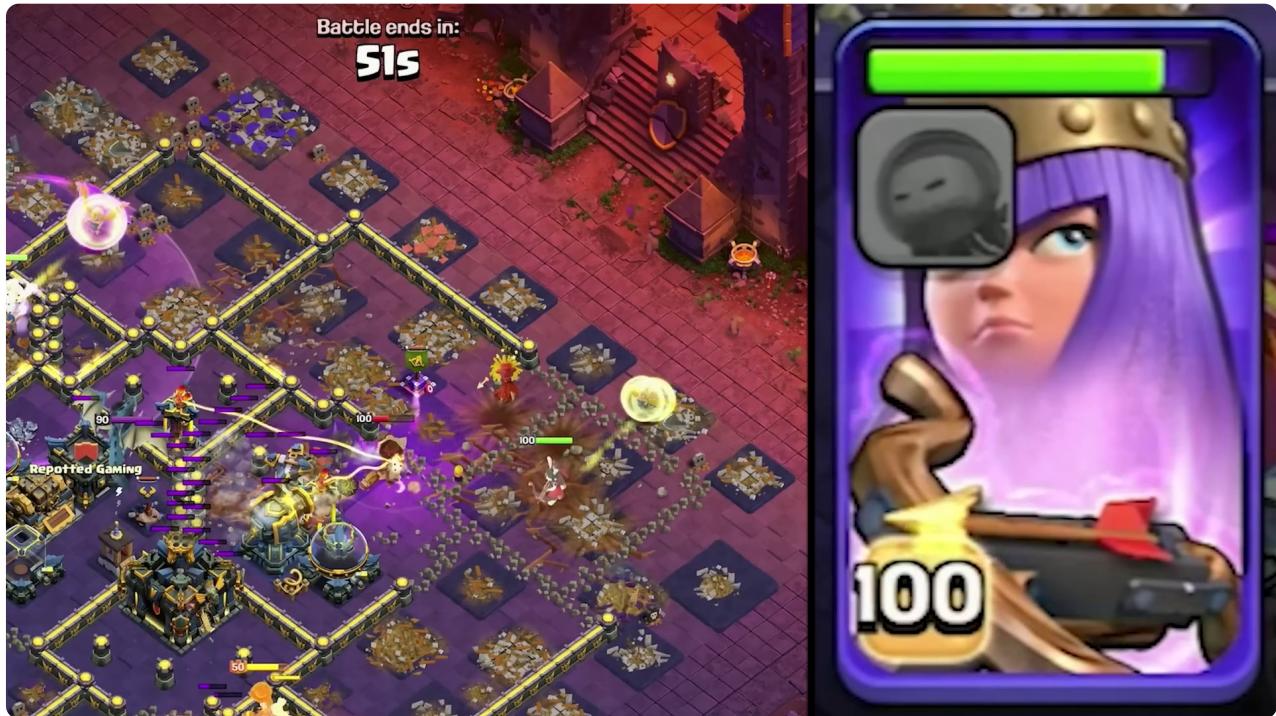

Press the royal champion ability in front of the wizard tower and wait to activate the queen's ability until the king approaches the expo.

□□ Video Timestamp: 160.00s

## Utilize Earthquake and Minions

Use your earthquake spell between the defenses in the middle. As the queen moves forward, activate her ability and deploy two headhunters. Freeze the defending minion prince and nearby defenses.

□□ Video Timestamp: 170.00s

## Spread Minions for Cleanup

Disperse your minions around the bottom of the base, ensuring they hit remaining buildings while your king and queen handle the center.

□□ Video Timestamp: 180.00s

## Final Tips

Focus on the individual parts of the attack as explained. This strategy is designed to adapt Kronos' successful attack to your needs. Good luck achieving that 3-star!
